

DRINK WELL DO WELL  
**LAVIT**

## Commercial Counter Top Cooler

## Features

- 3.94L / 1.04G stainless steel cold tank
- 60,000 cycles to meet the high demand of commercial environments
- Filtration beverage system with room inside for eco3 filter
- Touch sensitive screen for selecting beverage settings
- Antimicrobial faucet, drip tray, and dispense button
- Still or sparkling cold water and beverages
- Healthy cold beverages containing all natural flavors and real fruit juices
- Over 30 beverage flavors
- Beverages are all natural, preservative free, and 10 calories or less. Low or no sugar.
- 100% recyclable aluminum beverage capsules
- No trucking or hauling of bottled water and beverages
- UL listed

## Features and Functions

Supports Standard 5 Gallon Bottles	Yes via pump kit from 5 gallon bottle (sold separately)
Temperature Adjustment	Yes-factory set and adjustable through touchscreen by technician
Beverage Size	12 ounces
Beverage Dispense Time	12 to 15 seconds
No Water Indicator	Yes
CO <sub>2</sub> Level Sensor	Yes
Service Required Trigger	Yes
Menu System for Features	Yes
Sanitization	Ozone Sanitization Every Night

## Cold Water System

Cycling Temperature Range in Cold Tank	3°C - 6°C
ARI Cold Capacity	27, 5 oz. < 50°F +/-10%
No Load	5 cups, 6 oz. < 10°C
Cold Water Flow Rate	0.85 oz./sec
Cold Tank Size / Usable Volume	145 x 152 x 273.8mm / 3.94L
Compressor	Huayi
Condensor	Aluminum Fin

## Carbonation System

Soda Water Shot 12 oz	Yes
Low Level CO <sub>2</sub> Sensor	Yes
Soda Water Flow Rate	0.071 oz./sec
Carbonation Level	CO <sub>2</sub> > 2.8 at 3-5°C 3.5Bar
CO <sub>2</sub> Bottle Size	1.68L, 2.2Lbs.
CO <sub>2</sub> Bottle Quick Connect	Yes, Pin Valve
CO <sub>2</sub> Bottle Connection	G1/2
CO <sub>2</sub> Tank Volume	1200ml stored carbonated water, 500ml shot
Temperature	3°C to 5°C in the carbonation tank
Carbonated Water No Load	> 5 cups, 7 oz. > 2.8 volumes

## Weights and Measurements

Net Weight /Gross Weight (Lbs.)	44 / 48
Cooler Dimensions / Boxed Dimensions WxDxH (inch)	15.16x19.33x17.52 / 17.91x22.24x20.47
Nozzle to Drip Tray Height	8 inches
Drip Tray Volume	400ml
Container Load (20' : 40' : 40'HC : 45'HC)	208 : 420 : 525 : 464
Noise Level	< 50dB(A)
Certifications	UL Listed; FDA/NSF for all contact parts; CA prop 65, RoHS
Models	LB115

### Warranty:

3 years: Sealed refrigeration system

2 years: Parts (electrical to include cold controls, relay overloads and PCB's)

25+ Flavors. Still or sparkling.  
Good for you. Better for the planet.

# Drink!

# Magic in a Capsule

At the center of the Lavit magic is our EcoCap™.

We work hard to pack all the good stuff into one little capsule. The potency of vitamins and minerals deteriorate over time when bottled in plastic. With EcoCaps, we can ensure the vitamins and minerals in your drink do their jobs as efficiently as ever. The crack and peel technology of our EcoCaps ensure no cross-contamination between drinks, unlike other single-serve machines. All in the name of keeping you healthy, friends.

# Hydrate Happy

8 glasses per day? 64 oz? 3 liters? No matter your water intake, we'll make sure each glass is delicious.

More than anything, we want to encourage you to drink more water. It's no secret that staying hydrated is imperative to good health, and even to productivity. Even just mild dehydration can totally derail employees. And we know that sugary sodas can be a lot easier to reach for (and can certainly be more fun) than just water. But who says "healthy" and "fun" are mutually exclusive? With Lavit, you can choose a fun flavor and enjoy the same health benefits as water, and then some.

# Sustainable Sipping

There's no need for more plastic in this world, so we made EcoCaps 100% recyclable at the point of use. When you create your beverage from an EcoCap, the system flushes out the capsule, leaving a small piece of aluminum just one-seventh the size of a 12 oz. aluminum can. Drop the capsules right in your metal recycling bin and move on with your day, knowing you can now use the hashtag #zerowaste.

LAVIT

1 ONE  
DROP™

# Give the Gift of Clean Water

We believe that everyone should have access to clean, safe water. For this reason, we are very proud to partner with the non-profit organization One Drop. One Drop builds wells for communities with limited access to clean water. With each EcoCap that is purchased, a portion of that sale is donated to One Drop. It only takes \$125 to provide someone with clean water for life, and we want to impact as many lives as we can.
